

2019 PRIVATE LESSONS

Accelerated language training for executives, professionals, and ambitious learners who want to be successful in the global economy

WHY PRIVATE LESSONS?

Private lessons are one of the most effective methods of language teaching since they focus on the exact needs and learning style of the individual student. Each lesson is specific to the client's study or career objectives.

PRIVATE LESSONS ENSURE THAT:

- Teaching methods are adapted to the learning style of the student and to the pace at which the student can successfully learn.
- Individual weaknesses and the specific needs of the student are addressed.
- Inhibited or reserved clients receive maximum talking practice in a comfortable setting.

PRIVATE LESSON ENROLLMENT

Private lessons are taught one-on-one with a teacher. Clients benefit from having 100% of their instructors' attention and enjoy a class specifically tailored to their individual interests.

Clients may choose from the following courses or design their own program:

- Individual 15
- Individual 20
- Individual 25
- Individual 30
- One lesson is 50 minutes.

* Courses begin every Monday (except for holidays)

“I am an Internal Auditor in Switzerland and I need English for my job because I travel to many countries. My main goal was to remove mistakes that I make. My private class was focused on Verbal English and I polished my presentation skills. Since I only had one week, I had to take my experience to the maximum. I reached my goal by speaking often and having someone correct me.”
