

USD JUNIOR PROGRAM *(For ages 13-17)*

July 2 - August 6, 2023

Junior Campus Programs
San Diego, California

CISL students are actively engaged in their learning process through a project-driven English program. Students reinforce language skills, as well as develop new ones which will help them succeed in a post-secondary setting. Through a variety of projects and task-based activities, including debates, presentations, research, and teamwork they will improve their communicative and leadership abilities.

The Global Leadership Summer Program will not only provide students with an amazing academic experience, but also offer an opportunity to develop international friendships during an exciting, fun-filled summer!

Cultural Workshops

What better place to learn about the Environment and Sustainability than a city with miles of beautiful beaches and a world-famous zoo? Our Tuesday/Thursday Cultural Workshops will allow our students a deeper understanding into environmental issues facing our world, and focus on ways to help create a more sustainable future.
