

GLOBAL LEADERSHIP SUMMER PROGRAM *(For ages 13-17)*

NEW!
for 2022

Students are searching for innovative, dynamic learning opportunities which explore world issues, and helps them develop the necessary skills to have their voices heard. The Global Leadership Summer Program which welcomes teens from all over the world, is such an opportunity. Young students will engage in lively debates, strengthen their communicative and collaborative abilities, and work on group projects directly related to problems facing our planet.

PROGRAM DESCRIPTION

The Global Leadership Summer Program will be held at all of our Summer Junior program locations and will replace our previous curriculum.

CISL students are actively engaged in their learning process through a project-driven English program. Students reinforce language skills, as well as develop new ones which will help them succeed in a postsecondary setting. Through a variety of projects and task-based activities, including debates, presentations, research, and teamwork they will improve their communicative and leadership abilities.

The Global Leadership Summer Program will not only provide students with an amazing academic experience, but also offer an opportunity to develop international friendships during an exciting, fun-filled summer!

Also, included are a variety of interactive activities to help students gain perspective and practical knowledge, designed to explore a broad variety of topics in today's world. Students throughout the program will be asked to examine and synthesize ideas, use writing to explore, extend, and reflect on experiences, processes, and achievements.
